at the Forest Exploration Center

Let's give this fallen giant a second life!

Register for this free milling demonstration at <https://fec.wildapricot.org/event-5320220>

Urban wood utilization is a sustainable practice. Stop by the Forest Exploration Center at 10am July 15th to watch and learn as Urban Wood Lab sawyers mill this giant burr oak and share more about the urban wood movement. Burr oak slabs and lumber from this tree will be available this fall for community artisans and woodworkers to use. Follow this tree's urban wood journey!
